About This Game

Metal Brigade Tactics is a turn-based tactical strategy game with deep RPG elements. Control your squad of Vertical Armor giant robots on a mission to stop a small country from embroiling the world in a devastating war.

Featuring a long campaign as well as a skirmish mode, Metal Brigade Tactics will satiate any strategy gamer's hunger.

The Steam version includes a bonus mini campaign with 5 extra missions and 2 new units for use in skirmish mode.

Features include:

* Grid-based tactical turn based strategy engine.
* Unique artillery gameplay - artillery is plotted before each turn but lands after, requiring careful planning and strategy.
* 13 unique Vertical Armor (VA) robots to control and customize plus 2 more non-VA units usable in skirmish mode.
* Tons of weapons and accessories to equip on your Vertical Armor.

* Control up to 10 VAs per mission.
* Story-based Campaign mode with 19 exciting missions plus a bonus mini campaign with 5 additional missions.
* 3 difficulty modes in Campaign, hard mode is a real challenge for expert tactics players!
* Level up and customize your pilots throughout the Campaign mode.
* Skirmish mode where you can fully customize a team of VAs and play against the AI or another player's team on a variety of maps.
* 2 player hot seat play in Skirmish mode.

metal brigade tactics

looked promising yet the game has no options that means also no full screen mode. You can only play on a 600x400? window. so yeah, kinda unplayable on a modern screen. Never managed to get a unit moving so that might be a bug too
